

Short & Sweet Shrinklit

Meet John Othello
A moor of Venice
Great job, great life
Great wife who was full of bliss
Unexpectedly he moved up
In his job position
Advanced past best friend Iago
To be the new commission (er).
Enraged and envious
Iago mustered up a plan
To stir up everyone's feelings
And take down the successful man.
Rumors of Desi and her harlotry
Then what do you know
Othello becomes untrusting
And fires Michael Cassio!
With so much strife in his life
No one to trust or lend a shoulder
Othello draws a knife on his wife
No, wait, he suffocates her
Iago, the real coward
To let this plan go through
Cried and cowered
For Othello nearly killed him too
He could have made it easy
Putting his fake friend to an end
But he just slowly walked away
Now who's the bigger man?
